Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

10 minutes

Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

Open article

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

PROBLEM
How might we [your problem statement]?

Key rules of brainstorming

To run an smooth and productive session

- Stay in topic.
- Encourage wild ideas.
- Defer judgment.
- Listen to others.
- Go for volume.
- If possible, be visual.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP
You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Hariprasad

Track by GPS sensor

Start alerting if child gets into trouble

Notify to Guardian

Confirming if sensor is with the Child

May be body heat sensor in Gadget confirms the presence of child

Online & offline tracker

Vijay

wifi and audio play back modules are used

If pulse rate of child decrease then BPM increase

Counter time should be checked for time interval of 30 min

Mobile apps alert nearby police station or caretakers of children

Body position is determined by triple axis accelerometer

GSM/GPRS Block is activated with SIM card on the board

Sri Rathan Vignesh

Cry detection

Child safety improvement

Enable tracking of child location and capture of data remotely

Temperature sensor

Panic button

Real-time tracking

Ponbalaji

Monitoring by parents via GPS

Enable tracking of child location and capture of data remotely

sos light along with distress alarm buzzer for their child's surrounding and to locate their children

Trigger the alarm , and enable automatic video recording whenever the emergency button is pressed

Smart band connected to parents so they can monitor their child

Smart watch with phone call, message notification and GPS location for child's safety

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

Temperature sensor

May be body heat sensor in Gadget confirms the presence of child

Enable tracking of child location and capture of data remotely

Smart watch with phone call, message notification and GPS location for child's safety

Track by GPS sensor

monitoring by parents via GPS

trigger the alarm and enable automatic video recording whenever the emergency button is pressed

panic button

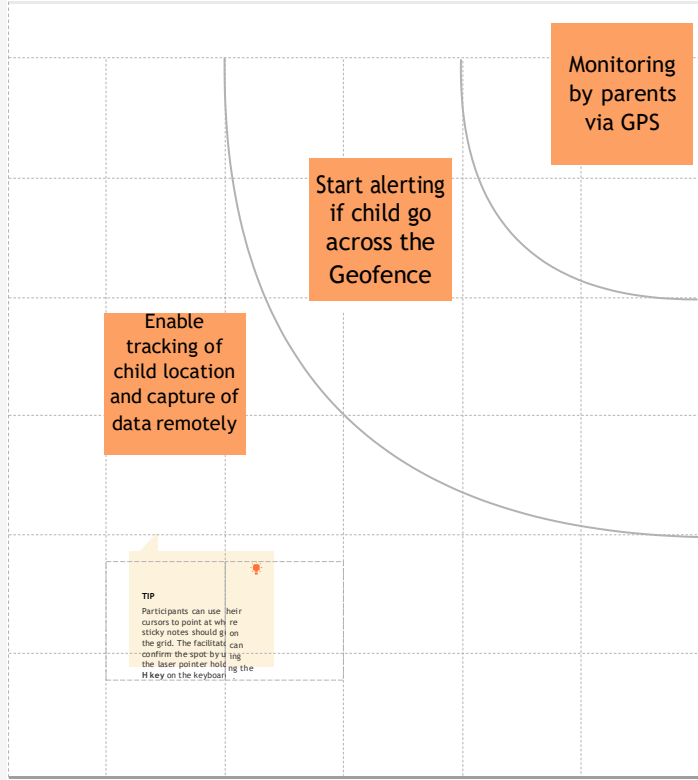

Start alerting if child go across the Geofence

sos light along with distress alarm buzzer for their child's surrounding and to locate their children

smart band connected to parents so they can monitor their child
